

The Project

The complex consists of two buildings, no.103 and no.104, plus an underground parking garage.

Both houses were built around the turn of the 20th century and are located next to the historical site of the former Meierei Bolle.

The construction of both buildings began in spring of 2016 and was completed in the summer of 2019.

A lively place with 6.150 sqm of office space as well as a colourful mix of stores, shops and coffee bars has been created in the heart of Alt-Moabit.
